Education

Schulich School of Business (BBA), York University
Experience

Expected Graduation: 2026

Mars Wrigley - Business Analytics Co-op 2026 (7-month Co-op)

- Supported Trade Promotion Management (TPM) and Sales Analytics by developing and enhancing Power BI dashboards used to track customer and sales performance
- Delivered **actionable insights on sales, trade, and customer trends**, enabling stakeholders to identify performance drivers and support business decision-making
- Leveraged GenAI and SQL to **accelerate data analysis, validate datasets, and uncover trends** across large sales and operational data sources
- Improved reporting efficiency and data reliability by optimizing analytics workflows and supporting data pipeline enhancements
- Built and deployed an AI-powered sales planning tool using Databricks Genie, enabling automated insight generation across large sales datasets for business stakeholders

Novaly Studios - Assistant Data Analytics and Marketing Manager 2023 - 2024

- **Analyzed Roblox player data using SQL**, identifying trends that **increased retention by 18%** and informed feature development
- **Executed data-driven marketing campaigns** using user behaviour insights and **A/B testing** to optimize engagement and grow TikTok by **17,000 followers**

Lone Star Texas Grill – Data Analytics Intern 2025 (4-month internship position)

- Leveraged **BigQuery** to join, cleanse, and profile large datasets (**RawSales** and **RawLab** tables), ensuring **data integrity** and uncovering patterns to inform an **ARIMA-based labour forecasting model**.
- Developed an **interactive Looker Studio dashboard** visualizing staffing forecasts, enabling managers to make **data-driven scheduling decisions** that improved labour efficiency.
- Authored a **comprehensive analysis report** detailing data preparation methodology, analytical findings, compliance considerations, and **actionable recommendations** for operational improvements.

Guillevin International - Operations Co-op 2025 (4month internship)

- Worked directly in warehouse operations to build a firsthand understanding of core processes, enabling more accurate reporting and process documentation
- Created training guides and user materials based on hands-on operational knowledge to support process adoption and consistency
- Collaborated with cross-functional teams to document workflows, update schedules, and support operational reporting accuracy
- Identified process gaps and supported solutions that improved efficiency and strengthened alignment between operations and reporting

The Kind Pet – Market Research & Outreach Intern 2025 (4-month internship position)

- **Identified and analyzed 40+ U.S. pet boutiques**, expanding the **retail outreach pipeline by 2.5x** and informing partner acquisition strategy
- **Delivered a market expansion report** with **data-driven recommendations** on partner prioritization and feasibility

Canadian Marketing League - Virtual Campus Account Manager Intern 2024 (4-month internship position)

- Coordinated **cross-campus communications** with 20+ university representatives, ensuring alignment of messaging, timelines, and deliverables.
- Managed **stakeholder relationships** and campaign documentation to support national marketing initiatives.

Gymnastics at Viva RGC - Marketing Manager & Coach 2020 - 2025

- Led launch and operations of a second club location, driving a 40% increase in inquiries
- Managed staffing, scheduling, and client relationships for 50+ athletes

Achievements & Certifications

- **PepsiCo 7 Case Semi-Finalist** – Canadian Marketing League
- **HubSpot Academy Certified** – Content Marketing, Digital Marketing, Social Media Marketing
